Thank you all for attending last Friday's meeting - or expressing interest to attend - to talk about what's needed to convince the rest of the City Council, our Mayor (and the 2 remaining candidates), and the County Board of Supervisors to stop the expansion of LAX. Your participation is critical to preserve Westchester and to mitigate LAWA's proposals which would plague the communities as far north as Malibu down to the South Bay with **a lot more**: Traffic, Pollution, Environmental Risks, and Costs!

Although it's been a busy week, we need to continue working together to accomplish this monumental task. There are a lot of powerful forces working against us. This email is the first of many to organize and strategize to fight the measures posed by Alternatives 1 & 9. Alternatives 2 & 9 are the smart choices

to build a world-class airport while protecting our communities, and to promote much needed regional approach to LA's aviation traffic.

I've attached the sign in sheet from Friday's meeting so we can all be in touch. Our office is working on a few ideas and I'll continue to keep you update and serve as the point person for this incredibly important issue. One easy thing we can do now is to sign [this](#) petition and get your friends and family to sign it too.

Will be in touch,  
-Nate
